F4D I Town Hall Meetings

FACT SHEET

THE BENEFITS

The Town Hall Meeting serves to:

- Inform community stakeholders of capital projects within their communities
- Obtain critical information about the levels of implementation of these projects.
- Increase the likelihood of greater citizen's participation in the budget making process.
- Identify challenges to citizen's participation in the budget process, through direct interaction with the community stakeholders and brainstorm on possible solutions to these obstacles with (NDEBUMOG) a Civil Society Organisation serving as a bridge for inclusion between the communities and government.

Mission

In this fact sheet, we aim to present accurate information about selected capital projects in the Federal Government's 2016 Appropriation Act, covering health, education and agriculture. We also present Federal Allocations to Four States (Delta, Enugu, Lagos and Rivers), including (sampled) allocations for their Local Governments' from 1999 to 2005 and sampling a single month chain from (April) 2006 to (April) 2016, in a simple and standardized format that stakeholders can use to engage the budget processes within their communities or localities.

Strategic Partnership-F4D Project

At the heart of Oxfam's global work ethics is the utilization of local accountable partners and organizations that seek to enhance their effectiveness within the local capacity of communities that directly benefit the people facing the realities of life. This is reflected in the one programme approach which has the focus of Oxfam's change goal that set out standards related to outcome which sees a considerable work implemented in co-operation with partners, in this case centered on fiscal issues, such as, **taxation, budget, extractives and campaigns on inequality known as "Even It Up"**. The strategies here include research, lobby and advocacy, citizen's enlightenment and mobilization, networking and alliance building, and capacity building for civil society and community stakeholders, particularly, women.

Rationale

Our aim is to change fiscal and financial systems in Nigeria to increase finance for development and empower citizens to monitor how resources are utilized. This study will empower citizens and stakeholders with new knowledge to mobilize and ask the right questions towards improved government policies, improved private sector policies, more robust CSOs, increased citizen's voice and stronger wider alliances to women and other stakeholders.

Citizens need to examine the national and state development budgets in detail, and hold their elected officials accountable for the development projects they promised.

About NDEBUMOG

NDEBUMOG was a Member of the ANCOR National Coordinating Committee of the Economic and Financial Crimes Commission, representing the South-South Zone; a former Member of the Civil Society Steering Committee of the Nigeria Extractive Industries Transparency Initiative (NEITI), and a Member of the Central Steering Committee of the National Procurement Watch Platform, from 2008 to June 2012. We are also the South-South Contact Civil Society Organization of the Bureau of Public Procurement's (BPP).

We were the Civil Society Liaison Organization/Head of Nigeria's Extractive Industries Transparency Initiative (NEITI) Civil Society Steering Committee, from 2010 to 2011; South-South Coordinating NGO and member of National Coordinating Committee-Nigeria Resource Governance Group; a member of NASS-CSOLO's Advisory Committee (2014-2016) and the former Coordinating Civil Society Organization of EFCC-ANCOR Rivers State, among other elective Civil Society representation nationally and internationally. Importantly, NDEBUMOG's representative was part of Nigeria's delegation to the EITI Paris Conference in 2011, an event, in which EITI Validation for Nigeria was announced.

There is a partnership between our organization with some agencies, including the Budget Office of the Federation-FMF, OSSAP-MDGs, BPP, NABRO, CSOLO, SMBEPs, etc. However, the communities remain our critical partners.

Specific Objectives

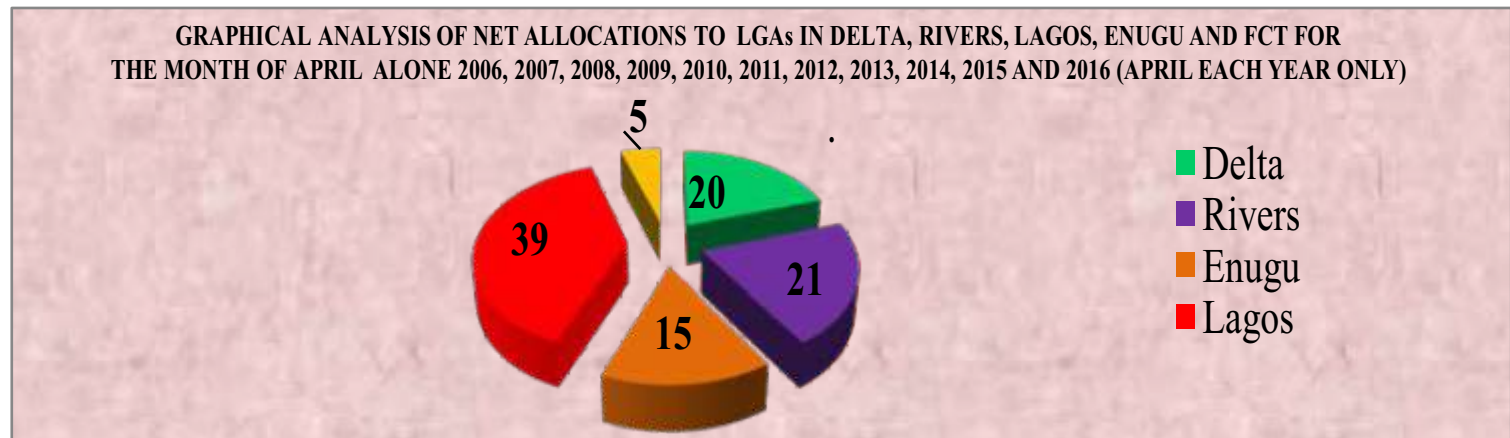

- Provide in-depth economic analysis which can form the basis for developing a pathway for campaigns, lobby and advocacy on fiscal issues for Oxfam in Nigeria, partners and allies.
- Understand the existing socio-cultural, economic and political factors and conditions creating the gaps in taxation, budget literacy, and extractives sector as it relates to revenue for the provision of essential service for Nigerians.
- Identify strategic actions and actors required to mobilize citizens and decision makers against revenue leakages and harmful fiscal policies while creating space for debate on such fiscal matters.
- Involve community stakeholders to follow up on monitoring of their own projects.
- Create participatory space for community members in the budget making process, which is necessary to ensure that the projects meet the needs of the community. Government agencies need to integrate the community and the civil society generally into their fiscal planning and blueprints for realistic and better service delivery.
- Enhance greater participation by women to ensure that the budgets are gender sensitive and responsive.
- Community stakeholders need capacity building on budget processes.

The Audience

To whom was this research targeted at? Who are we trying to influence?

There are two categories of audience namely, **Primary audience**, which includes: the Nigeria citizens, policy-makers, allies and partners, informed media and other influential (think-tanks, intellectuals, development professionals), who could help to champion the solutions and the urgency to act on fiscal matters.

The **Secondary audience** includes campaigners working in target institutions, researchers and academics working on fiscal issues.

FACT SHEET EXECUTIVE SUMMARY

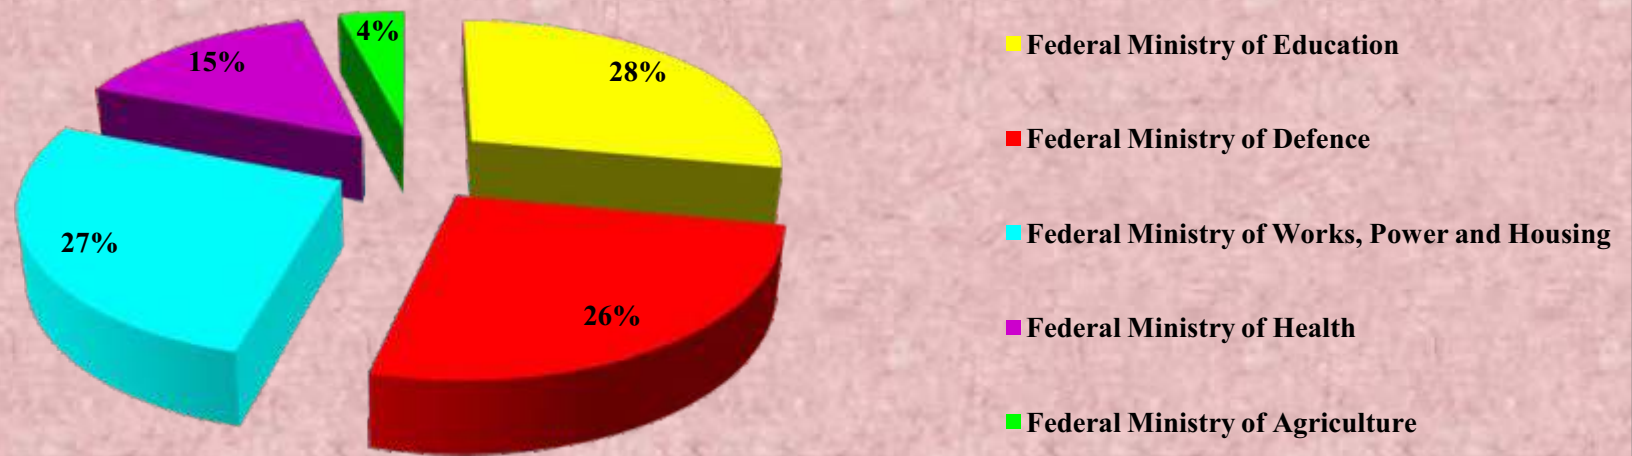

The total number of projects across the three sectors covered in this fact sheet is One Thousand and Twenty Two (1,022) projects. This is higher by 872 projects, which originally this fact sheet has targeted in line with the TOR for this exercise. Specifically, education projects are **four hundred and ninety four (494)**. These are projects selected across 187 agencies under the Federal Ministry of Education. Health projects selected/covered are **two hundred and eleven (211)**, picked across 63 agencies, under the Federal Ministry of Health. The total number of Agricultural sector projects covered was **three hundred and seventeen (317)** projects. These agricultural projects were selected across 30 agencies of the Federal Ministry of Agriculture. These are some projects within Agric Ministry's distributory pool, like; rice value chain, beef value chain, shea butter value chain, among others. All the agricultural projects has distinctive codes, including capital chain codes, being an innovation that we have observed was introduced into the 2016 Appropriation by the Budget Office of the Federation. Projects for these three sectors, which we lifted from the Federal Government's 2016 Appropriation Act are capital projects of almost N20 million and above. Capital projects below this envelope line threshold were left out. However, during the desk review we conducted for this fact sheet, we desk eyed a total of 382 Federal Agencies, covering 128 agencies for health, 213 for education and 41 agencies under agriculture.

Comparatively, five sectors of education, defence, works, health and agriculture took a total of 1.7 trillion in the 2016 appropriation of the Federal Government. Out of this 1.7 trillion for the 5 sectors, education has just about 1% difference at 28% against works (power & housing), which has 27%, followed by defence, which has 26%, health 15% and agric 4% compared to others. This does not exactly convey the seriousness, which the Federal Government claims its want to diversified the economy through agriculture. These ministries, education, defence and works budget, separately, has a budget higher than all the state budgets in Nigeria for 2016, except Lagos, which has N662.5 billion and Akwa Ibom N426 billion, lower than Federal Budget for health, education and works ministry. Curiously, we are concerned about the recurrent budget of a Federal agency, such as, Universal Basic Education (UBE) which has N77, 110,000,000 (recurrent) against capital allocation of N1, 928,271,348. This is outrageous! Anyone could argue that this amount may be inclusive of Federal Government's counterpart funding to UBE across the States, who are expected to contribute and draw from it (through States' counterpart funding). It does not seem so! Largely, components that supposedly should benefit the States have largely remained undrawn over the years... Further billions should, therefore, not be tied down at a time Nigeria is facing economic recession with this UBE's N79 billion (in UBE's 2016 appropriation), which is higher than 2016 Budget of States, like; Taraba, which has N68.8 billion, Niger N74.7 billion, Ekiti N67 billion, Kogi N75 billion and almost at par with a budget of State, like Nassarawa, which is N77.9 billion. Combined together, budget of these Five (5) States for 2016 stood at N363.4 billion, and is far below the budget of Federal Ministry of Defence alone for 2016, which stood at N443,077,795,159.

As Nigerians look forward to reduction in the cost of governance, promised by the Federal Government, through elimination of duplication and wastages, something, still very much glaring in the system from observations from our desk review exercise. An example, is the Federal Ministry of Agriculture, the unnecessary duplication of Research Institutes, irrespective of the existence of Institute of Agricultural Research (refer to the table on MDAs under the Agric Sector- No. 9). Other research institutes could have their activities merged or streamlined, under the Institute for Agricultural Research, Zaria or the Agricultural Research and Management Institute (ARMTI), Lagos. By this, the country will overcome the incessant duplications of agencies and institutions having related activities, thereby, cutting down on staffing, and by extension, a reduction in budget allocations for personnel. This could result in more allocations for capital projects, which will affect more lives positively. Here are some of the research institutions that can be streamlined:

1. AGRICULTURAL RESEARCH AND MANAGEMENT INSTITUTE (ARMTI)- ILORIN
2. NATIONAL CEREAL RESEARCH INSTITUTE- BADEGGI
3. NATIONAL VETERINARY RESEARCH INSTITUTE- VOM
4. NATIONAL ROOT CROPS RESEARCH INSTITUTE- UMUDIKE
5. NATIONAL INSTITUTE FOR OIL PALM RESEARCH (NIFOR), BENIN
6. INSTITUTE FOR AGRICULTURAL RESEARCH- ZARIA
7. NATIONAL HORTICULTURAL RESEARCH INSTITUTE – IBADAN
8. COCOA RESEARCH INSTITUTE- IBADAN
9. INSTITUTE OF AGRICULTURAL RESEARCH AND TRAINING- IBADAN
10. RUBBER RESEARCH INSTITUTE- BENIN
11. NATIONAL AGRIC. EXTENSION RESEARCH LIAISON SERVICES- ZARIA

Again, the existence of Federal College of Fisheries and Marine Technology – Lagos, and Federal College of Fresh Water Fish, is another reason for this concern. It seriously portrays our country as unserious people before the world...

The Niger Delta Budget Monitoring Group's team decided to add additional information that shall be useful to stakeholders in this research, which are:

- Official Remuneration Packages for Federal Legislators in Nigeria
- Graphical analysis of 2016 Budget of All the States in Nigeria
- Analysis Of Net Allocations To Delta, Rivers, Lagos, Enugu And FCT For The Month Of April Alone 2006,2007, 2008, 2009, 2010, 2011, 2012, 2013, 2014, 2015 and 2016 (April of Each Year Only). These, being primary F4D's States.
- Analysis of Net Allocations To States and FCT (June 1999-December 2005)

* All these we have done and added to deepen stakeholders' knowledge and interest at understanding Nigeria's fiscal architecture.
