NDEBUMOG's Strategic Objectives

To strengthen community-based structures for transparency and accountability. With targeted actions, NDEBUMOG will mobilize and empower communities to take practical steps to eliminate corruption in public expenditure through budget tracking, sensitizations, mobilization, trainings, alongside, anti-corruption campaigns and promotion of inclusivity and participatory governance. For effectiveness and long-term sustainable basis, NDEBUMOG has established several community-based Shadow Budget Groups, among others.

NDEBUMOG increases public awareness on relevant laws and policies of combating corruption in the private sector. Most private sector players lack information on laws and policies that relates to fiscal governance, as well as, procedures for doing business with government. In addition, private sector players have, often, been reported, as willing payers of bribes, without evaluating negative impacts of such vices on the business environment in general and theirs, in particular.

NDEBUMOG seeks improve business practices and principles for combating corruption in public-private activities. Small, medium and large businesses in Nigeria faces, almost daily, pressure to pay bribes to do business with government. Unfortunately, they are in a weak position to resist such pressures.

NDEBUMOG has established effective framework for monitoring of political parties financing and tracking the use of state administrative resources during campaigns by candidates. Transparency by Political Parties and election financing is critical in the democratization processes, as well as, ensuring good governance. Money in politics and Political Parties financing, if not tackled, poses serious risks, such as, uneven playing field, which gives some actors, undue advantage over others. Those, who donate funds could equally influence politicians, seeking for rewards through contracting tenders and favourable policies for their private interests. Uses of public funds to fund partisan political campaigns breeds political corruption and state capture. This include abuse of state (administrative) resources during campaigns by political parties and political office holders.

NDEBUMOG'S work reduces risk of state capture (political corruption) through citizens demand for political finance transparency. Empowerment of citizens to carry out their constitutional mandates and obligations of safeguarding public resources by ensuring monies are not used to bias outcomes of elections. The public, should, therefore, must be at the forefront of any reform that reverses trendtowards state capture. Being a situation, where moniesare wrongly used by politicians to buy their way into public offices and in return, serves their personal interests.

NDEBUMOG enhances transparency and accountability in the extractive industry.Over the years, NDEBUMOG, has developed experience in promoting transparency and accountability in extractive industries through extensive involvement and engagements with Nigeria Extractive Industries Transparency Initiative (NEITI). As part of the strategies for the implementation of NDEBUMOG's strategic plan, we will implement actions that will constantly promote transparency and accountability in the oil sector and gas sector. Before now, citizens, civil society organizations and other stakeholders were unable to effectively participate in promoting transparency and accountability in extractive industries, due to lack of information, capacity, and political risks to do so. It is from this background that NDEBUMOG, hopes, to continue to intervene to expand the space.

NDEBUMOG through partnership and collaborations with Bureau of Public Procurement engages and builds capacity of stakeholders (communities, schools, government agencies, contractors, and consultants) in public procurement processes, particularly, in understanding Nigeria's Public Procurement Act. These activities shall reinforce NDEBUMOG's anticorruption campaigns and tracking of IFFs through collaborations with Economic and Financial Crimes Commission (EFCC), BPP, NEITI, OAGF, alongside, other ACAs and anticorruption CSOs/Coalitions.

NDEBUMOG empowers women and marginalized groups through sensitizations on agricultural value chain of government and direct empowerment of women and communities through livelihood programs, which enhances their sustainable livelihood, mobility for self-empowerment and budget tracking of public expenditures from these livelihood programs' turnovers.

SPP 5 FGN'S 2019 APPROPRIATION DESK REVIEW FACT SHEET

The Benefits of Factsheet

This factsheet is a fiscal governance tool to:

- Inform community stakeholders of capital projects within their communities
- Obtain critical information about the levels of implementation of these projects.
- Increase the likelihood of greater citizen's participation in the budget making process.
- Identify challenges to citizen's participation in the budget process, through direct interaction with the community stakeholders and brainstorm on possible solutions to these obstacles with (NDEBUMOG) a Civil Society Organisation serving as a bridge for inclusion between the communities and government.

Mission

Oxfam's Strategic Partnership-Finance for Development (F4D) Through this fact sheet, NDEBUMOG presents accurate information about selected capital projects in the Federal Government's 2019 Appropriation Act, covering health, education, agriculture, industry, trade and investment. We also present year 2019 allocation for Zonal Intervention Programmes (ZIP) of National Assembly's senatorial districts and constituencies as captured in Nigeria's federal budget for year 2019.

Oxfam's Strategic Partnership-Finance for Development (F4D)

For Oxfam in Nigeria, Financing for Development's (F4D) concept- under the Strategic Partnership Program (SPP) envisages to create sustainable impacts, whereby, more Nigerians, especially; women, are empowered to participate in decision making processes, contributes to nation building (as active citizens) and benefits from better living standards through increased availability of essential services. On the long-term, SPP's outcome is projected to be achieved through improved (fiscal) policies, responsive practices of government, together, with a conducive atmosphere for private sector that would result in reduction of poverty and extreme inequality through effective and efficient management of Nigeria's (tremendous) resources with increased citizens' participation.

Pathways to change has been planned at 5 levels. Namely, *improved government policies, improved policies of the private sector, strengthening of CSOs, increased citizens' voice* and finally, *building stronger and wider alliances* through (strategic) influencing modules. The beneficiaries of these, shall mostly, be the Nigerian people. That is; workers, civil society organisations, local communities, market women, small scale farmers, artisans, traders, local governments, national and sub-national parliaments, Ministries, Departments and Agencies (MDAs), the private sector, et al.

Rationale

NDEBUMOG aims to influence fiscal and financial systems in Nigeria to increase finance for development and empower citizens to monitor how resources are utilized. This factsheet will empower citizens and stakeholders with new knowledge to mobilize and ask the right questions towards effective service delivery, improved private sector policies, more robust CSOs, increased citizens' voices and stronger wider alliances to women and other stakeholders.

About NDEBUMOG

Niger Delta Budget Monitoring Group (NDEBUMOG) was a Member of ANCOR's National Coordinating Committee of the Economic and Financial Crimes Commission (EFCC) representing the South-South Zone; a former Member of the Civil Society Steering Committee of Nigeria Extractive Industries Transparency Initiative (NEITI) and a Member of the National Steering Committee of the National Procurement Watch Platform from 2008 to June 2012. The organization is equally the South-South Contact Civil Society Organization of the Bureau of Public Procurement (BPP). BPP is Nigeria's Public Procurement regulator. NDEBUMOG was the Civil Society Liaison Organization/Head of Nigeria's Extractive Industries Transparency Initiative (NEITI) Civil Society Steering Committee from 2010 to 2012; South-South Coordinating NGO and member of National Coordinating Committee-Nigeria Resource Governance Group; was a member of Nigeria's National Assembly's-Civil Society Liaison Office (CSOLO) Advisory Committee (2014-2016), among others.

Importantly, NDEBUMOG's representative was part of Nigeria's delegation to the Extractive Industries Transparency Initiative (EITI) Paris Conference in 2011, an event, which the First EITI Validation for Nigeria was announced. There are partnerships, collaborations, synergizations and engagements between our organization with some agencies, such as, Nigeria's Budget Office of the Federation-Federal Ministry of Finance, Nigeria Extractive Industries Transparency Initiative (NEITI), Office of the Senior Special Assistant to the President on SDGs, National Assembly Budget & Research Office, Department of Petroleum Resources, Federal Ministry of Solid Minerals, Federal Ministry of Environment, National Planning Commission, State Ministries of Economic Planning, National Assembly's Committees etc. However, the communities remain our critical partners. The Niger Delta Budget Monitoring Group holds a Special Consultative Status with the Economic and Social Council (ECOSOC) of the United Nations.

With this factsheet, citizens need to examine national and state (development) budgets in detail and hold their elected officials accountable for development projects they (electorally) promised.

Specific Objectives

- Provide in-depth budgetary analysis, which can form the basis for developing a pathway for fiscal governance campaigns, lobby and advocate on fiscal issues for good governance of Nigeria.
- Understand existing socio-cultural, economic and political factors and conditions that create gaps in taxation, budget literacy and extractive industry's education, particularly, as it relates to revenue for provision of essential services for Nigerians.
- Identify strategic actions and actors required to mobilize citizens and decision makers against revenue leakages and harmful fiscal policies, while creating space for debate on fiscal matters.
- Mobilize interest of community stakeholders to follow up on monitoring of their own projects and programmes.
- Create participatory space for community members through budget making processes, which is necessary to ensure needs assessment and sense of ownership by communities in capital projects of government.
- Enhance greater participation by women to ensure gender responsive budget.

The Audience

To whom was this desk research targeted at? Who are we trying to influence?

There are two categories of audience namely, **Primary audience**, which includes: Nigeria citizens, policy-makers, allies and partners, informed media and other influential (think-tanks, intellectuals, development professionals), who could help to champion solutions and urgency to act on fiscal matters.

The **Secondary audience** includes, campaigners, working in target institutions, fiscal governance researchers and communities that are interested in understanding fiscal mechanics that will help them to advocate for their (communal) needs through the budget.

This Factsheet Analytical Outlook

This factsheet's analysis covered a total of **3,260** projects and programmes. A breakdown of the 3,260 (projects and programmes) showed National Assembly's ZIPs having **1,960**, though some ZIPs and programmes could not be picked, either, due to unclear information or had blank pages and could not be picked. From this NDEBUMOG's Desk Review, these extracted 1,960 ZIPs were spread across 24 Federal Ministries, Department and Agencies. From these (1,960) number, **796** ZIPs and programmes were National Assembly's Members **empowerment projects and programmes** that were dedicated to **youths and women**, whereas; other allocations (for ZIPs) were generally situated.

Importantly, NDEBUMOG decided to have two types of factsheets under the referenced Desk Review. The first is the **MASTERFACTSHEET** and the other is the **SMARTFACTSHEET**. Both (of these) are at readers discretionary choice. E-copies of these factsheets may be accessed through Niger Delta Budget Monitoring Group's website www.nigerdeltabudget.org or through an email (request) to info@nigerdeltabudget.org.

Please see below, tabular description of projects/programmes extracted through the Desk Review into these factsheets:

For additional information, contact: The Regional Accountability Center, Niger Delta Budget Monitoring Group, 13 Trans Amadi Industrial Layout, Port Harcourt.

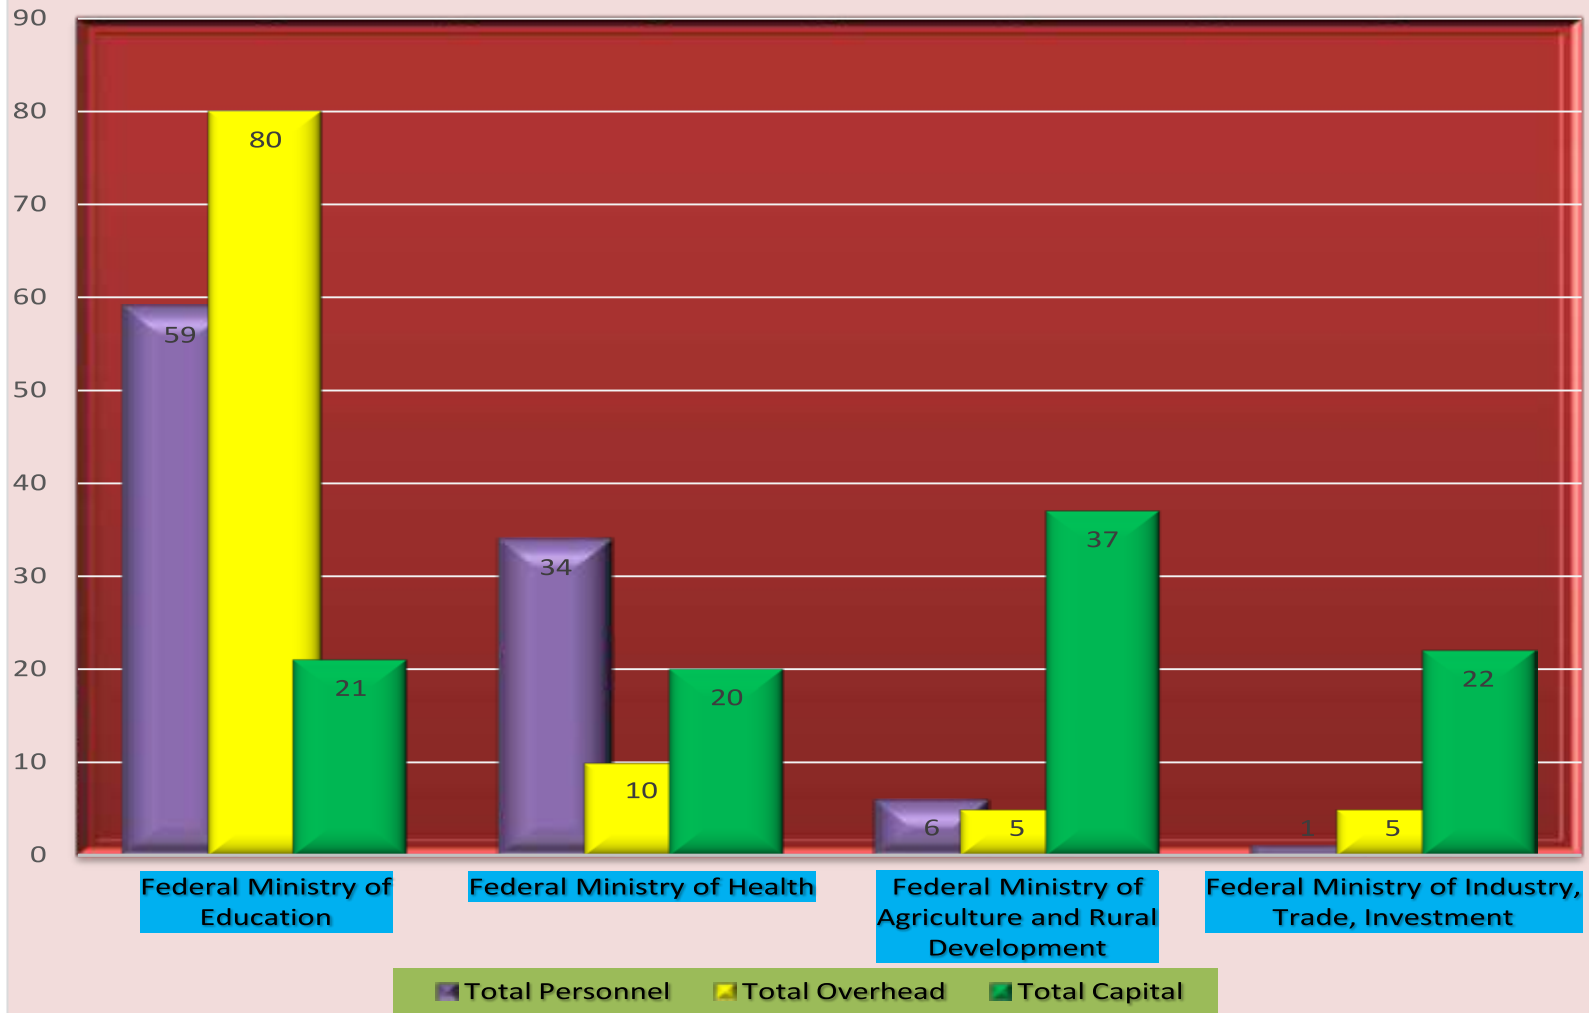

URL: www.nigerdeltabudget.org

MINISTRIES	NoPs
Federal Ministry of Education	442
Federal Ministry of Health	359
Federal Ministry of Agriculture and Rural Development	333
Federal Ministry of Industry, Trade and Development	166
Zonal Intervention Projects	1960
Total	3260

The **MasterFactsheet** encapsulates entire 3,260 projects and programmes extracted through the entire Desk Review, whilst the **SmartFactsheet** contains a total of 400 projects and programmes abridged into the **SmartFactsheet**. In the Smart Factsheet, 400 projects/programmes were selected across four (4) Federal MDAs into the Smart Factsheet, leaving a reasonable number of projects/programmes already extracted from the Desk Review to remain in Master Factsheet. This Master Factsheet is an empirical source and tool for budget trackers and fiscal researchers. Less than 500 projects/programmes in the Smart Factsheet was to make a *smartsense* in the volume of the document.

These factsheets are fiscal governance materials; hence, graphical analysis has been provided to stimulate readers interest as envisaged by participatory democracy and in engendering demand for transparency and accountability. Information in the factsheets can also be a tool in the fight against poverty and ensuring scrupulousness in the spending of national resources. We thank Oxfam Nigeria for providing support that enabled us to conduct this exercise.
